

ICORE AUSTRALIA 2008 POSTAL MATCH SERIES

No. 1/2008

Welcome to 2008 and I wish you all a successful year with all your endeavours especially ICORE. This year this series will be slightly different in that we will have an aggregate result for the 3 matches. Naturally you will need to shoot the 3 matches to be eligible to qualify for the overall aggregate at the end of the three match series. During the date parameters given for a match, shooters may still shoot a match more than once and submit the score, so long as they shoot on different days. The score shot on the earliest date will count towards the aggregate.

This is the 1st match in the 2008 ICORE Australia postal series and should see ICORE continue to grow in Australia with more shooters trying this discipline. Once again the intention is the promotion of ICORE awareness in Australia but is open to anyone, anywhere on the planet to compete as long as they use a revolver and follow the rules.

We had a great response for 2007 from both Australia and the USA in the 3 postals we ran last year. Last year was topped off with another fantastic International Postal Match .

The first 4 stages are straight forward, easy, something to loosen you up for the first match of the year. The Stage descriptions are straightforward and you should not have any trouble with the range set up. If you have any doubt about the rules, a copy of the ICORE rulebook can be found at www.icore.org and if you have any other questions about this postal match send me an e-mail at kenmbark@aol.com.

This postal match is to be shot between the 1/1/08 and the 31/3/08.

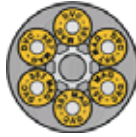

After you have shot the match can you please send me a match summary including the date shot, the host club, the state/country. In the results summary please include:

Name	Open/Limited	Junior/Lady	Date	Club	St.1	St2	St3	St4	Total
------	--------------	-------------	------	------	------	-----	-----	-----	-------

Get the results in promptly. When forwarding the result details to me can you please send them as an Excel format document if possible. All going well results should be out early April 2008.

Be safe and enjoy shooting this match.
