

2024 ICORE INTERNATIONAL POSTAL MATCH (IPM)

STARTS: Sat, June 1, 2024 --- ENDS: Sun, January 5, 2025 --- RESULTS DUE: By Wed, January 8, 2025

"Hi All,

It is that time of year again for the International Postal Match. I had a lot of fun designing and working out the stages again this year. Just as last year, these stages should work in most indoor-outdoor ranges, with the longest shoot being 40 feet and rough overall width of 24 feet to fit into narrow pits.

I stayed with my theme of keeping this easy to set up. Each stage can be in its own bay. Or to run the match with a more efficient set-up for the smaller clubs, those with limited bays, or those with backyard ranges Stages 1 and 2 can be set up in one pit, and Stages 3 and 4 can be set up in another pit. Thanks to suggestions from Ken Ortbach, I looked at the X-count stage differently this year. Now it's a fast-paced stage! From my repeat set-up experience during the testing phase shooters will find that it's easy to blow through those X stages too quickly, causing X misses even on close targets!

In closing, I hope everyone enjoys the 2024 IPM. Good luck and thanks!"
