

2025 ICORE INTERNATIONAL POSTAL MATCH (IPM)

STARTS: Sat, June 7th, 2025 --- ENDS: Sun, January 4, 2026 --- RESULTS DUE: By Wed, January 7, 2026

"Hi All,

It is that time of year again for the International Postal Match. As you can see from the stages, I stayed with my theme of keeping this easy to set up. But this year we will have some changes; we will be using practiscore this year. There may be some hiccups while I work through this, but it should smooth things out at the end of the year. It will also allow me to post the scores every so often. I have not decided how often that will happen but I'm hoping once a month. With that there are a couple important items to see below in the special instructions.

Please note, I am using no shoot targets mostly to change up the stages except for Stage 3, Per rule 7.3 it takes a full diameter hit to be scored as a no-shoot. My plan is to just use clips to attach them between stages.

In closing, I hope everyone enjoys the 2025 IPM. Good luck and thanks!"
