

2023 ICORE INTERNATIONAL POSTAL MATCH (IPM)

STARTS: Sat, June 17, 2023 --- ENDS: Sun, January 7, 2024 --- RESULTS DUE BY: Wed, January 10, 2024

It's time again for the ICORE International Postal Match ... and this time it's all about the bragging rights!

Introducing this year's Match Director....

Todd Kelsey got into competition shooting in 1996 with IDPA in upstate New York. He soon added USPSA, then in 2001 he gathered with a small group to shoot the "1st Annual ICORE IPM". Since then, Todd has made an effort to shoot most of the Postal matches, and he became an ICORE member along the way.

"They have all been great fun, and this year will also be another fun match! So, it is a real honor to have been able to design the 2023 stages. This year's stages are specifically designed to be easy to set up, with stages 1 and 2 sharing some of the same target and box positions, and stages 3 and 4 sharing some of the same target and box positions. They should work in most indoor and outdoor ranges, with the longest shoot at 40 feet.

Once again, the idea with this International Postal Match is promotion of ICORE in general and to get the word out about how much fun shooting a revolver in this type of match can be. If we all make the effort to get some first-time shooters to join in the fun, it will help to spread an awareness of ICORE to the broader shooting community. Furthermore, please encourage the new shooters and any returning non-members to join ICORE. After all, the match is only possible due to the support of existing members who keep the organization alive and make this opportunity possible. In addition, a broader shooting base at the club level can make our local matches easier to run with additional volunteers to work at them."
