

2022 ICORE INTERNATIONAL POSTAL MATCH (IPM)

Welcome to the 2022 ICORE International Postal Match!

This is a highly anticipated and fun match offered annually through ICORE where revolver enthusiasts from different states, provinces, and/or countries can compete together. This year there are four stages to test the speed, accuracy, and memory of shooters!

The International Postal Match is possible due to the commitment of volunteers. Thank you to Nick Bolton for your stage design expertise, to Kurt Ulrich for confirming and testing stage measurements, to Mike Williams for reviewing the stage briefings, and to Melanie Chan for the painstaking work of getting it all to look good on paper.

Please take time to read the stage set-up and stage briefing notes carefully to ensure we all shoot the same match. We look forward to receiving your results. Good luck, have fun, and be safe!

DO THIS

- Keep the good spirit of this match ... use the honor system with your set-up and scores!
- Only use current ICORE Rule Book (1 Jan 2022). <http://icore.org/rulebook.phtml>
- Enter correct classification from website. <http://icore.org/searchclass.phtml>
- Unclassified = non-members or expired members.
- Only submit revolver scores.
- Enter ALL Special Recognition Categories that apply to each shooter.
- Shoot the IPM as many times as you want.
- Shoot as many different Divisions as you want.
- Only shoot each Division once per day.
- Enter results on pre-formatted .xls spreadsheet provided. Whatever you type in will be auto-formatted. Use abbreviations shown. Scores will appear with 2 decimal places. See sample entry.

2022 ICORE IPM

- Submit scores for all 4 stages on the same spreadsheet. Clubs that cannot set up 4 stages on the same day may split up the stages and shoot them on different days.
- Submit scores by Friday, January 14, 2023, to ipm2022@icore.org.
- Be safe and have fun.

DO NOT DO THIS

- Do not submit scores for non-revolvers.
- Do not shoot the same Division more than once per day.
- Do not alter the spreadsheet.
- Do not enter an old classification.
